## The Fair Pleases All

Good Attendance  
Heavy Competition  
Prize Awards Total  
\$800.00.

Coming as it did, right in the midst of an exceptionally early harvest, and also in a year when the first demand upon the public was the preservation of every kernel of wheat available, the second annual Lomond fair held on Tuesday of this week was indeed a success. The weather was ideal both, though the rain on Monday did set the directorate into a nervous tension.

The interior exhibits presented an exceptionally fine display of ladies' work, art work, preserves, bread, butter, plants and grains, while in vegetables there was a large display notwithstanding the drouth and all. The poultry display was three times that of last year, a number of birds coming in from Vulcan and Retlaw. There was a large entry of cattle that did not appear at the exhibition on account of the rush of harvest, yet there were about forty head on the grounds. The horse display took the eyes of the public and there were nine of as fine stallions in competition as could be seen in any exhibition ring. The stock parade was one of the most interesting events of the fair and Wm. Burton's string of registered clydesdales along with the numerous other fine exhibits brought forth no end comment. The stock judge, Mr. Murphy, sent here by the department of agriculture pronounced this, from the standpoint of exhibits, superior to any fair held south of the Calgary line this summer. Some rep! Eh?

That the crowd was highly elated over the entire event was evidenced on every hand. No end of entertainment was provided for each day and then came the bowery dance on the two nights; and proved an attraction for an immense crowd of spectators as well as for the

## PROCLAMATION

GEORGE the FIFTH, by the Grace of God of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, KING, Defender of the Faith, Emperor of India.

To all to whom these presents shall come or whom the same may in any wise concern,—GREETING :

A Proclamation of conditional amnesty respecting men belonging to Class 1 under the Military Service Act, 1917, who have disobeyed our Proclamation of 13th October, 1917, or their orders to report for duty, or are deserters or absent without leave from the Canadian Expeditionary Force.

E. L. NEWCOMBE, } WHEREAS consider-  
Deputy Minister of Justice, } able numbers of men  
Canada. } belonging to Class I under our Military Service Act, 1917, called out on active service in our Canadian Expeditionary Force for the defence of Canada under Our Proclamation of 13th October, 1917, although they have thus become by law soldiers enlisted in the Military Service of Canada,

Have failed to report for duty as lawfully required of them under the said Military Service Act and the regulations thereunder, including the Order in Council duly passed on April 20 last,

Or have deserted,

Or absented themselves without leave from our Canadian Expeditionary Force,

And it is represented that the very serious and unfortunate situation in which these men find themselves is due in many cases to the fact that, notwithstanding the information and warning contained in Our Proclamation aforesaid, they have misunderstood their duty or obligation, or have been misled by the advice of ill-disposed, disloyal or seditious persons.

AND WHEREAS we desire, if possible, to avoid the infliction of the heavy penalties which the law imposes for the offences of which these soldiers have thus been guilty, and to afford them an opportunity within a limited time to report and make their services available in Our Canadian Expeditionary Force as is by law their bounden duty, and as is necessary for the defence of Our Dominion of Canada.

NOW KNOW YE that we in the exercise of Our powers, and of Our good will and pleasure in that behalf, do hereby proclaim and declare and cause to be published and made known THAT THE PENALTIES OF THE LAW WILL NOT BE IMPOSED OR EXACTED as against the men who belong to Class 1 under Our Military Service Act, 1917, and who have disobeyed Our Proclamation aforesaid; or who have received notice from any of Our registrars or deputy registrars to report for duty on a day now past and have failed so to report; or who, having reported and obtained leave of absence, have failed to report at the expiry of their leave, or have become deserters from Our Expeditionary Force, PROVIDED THEY REPORT FOR DUTY ON OR BEFORE THE TWENTY FOURTH DAY OF AUGUST 1918.

AND WE DO HEREBY STRICTLY WARN AND SOLEMNLY IMPRESS UPON ALL SUCH MEN, and as well those who employ, harbour, conceal or assist them in their disobedience, that, if they persist in their failure to report, absence or desertion until the expiry of the last mentioned day, they will be pursued and punished with all the rigour and severity of the law, SUBJECT TO THE JUDGMENT OF OUR COURTS MARTIAL WHICH WILL BE CONVENED TO TRY SUCH CASES or other competent tribunals: and also that those who employ, harbour, conceal or assist such men will be held strictly accountable as offenders and subject to the pains, penalties and forfeitures in that behalf by law provided for their said offence.

Provided however that nothing contained in this Our Proclamation is intended to release the men aforesaid from their obligation to report for duty as soon as possible or to grant them immunity from arrest or detention in the meantime for the purpose of compelling them to perform their military duty; Our intention being merely to forego or remit the penalties heretofore incurred for failure to report, absence without leave or desertion incurred by those men of the description aforesaid who shall be in the proper discharge of their military duties on or before the said twenty-fourth day of August, 1918.

Of all of which Our loving subjects and all others whom these presents may concern are hereby required to take notice and govern themselves accordingly.

IN TESTIMONY WHEREOF, We have caused these Our Letters to be made Patent, and the Great Seal of Canada to be hereunto affixed. Witness: Our Right Trusty and Right Entirely Beloved Cousin and Counsellor, Victor Christian William, Duke of Devonshire, Marquess of Hartington, Earl of Devonshire, Earl of Burlington, Baron Cavendish of Hardwicke, Baron Cavendish of Keighley, Knight of Our Most Noble Order of the Garter: One of Our Most Honourable Privy Council; Knight Grand Cross of Our Most Distinguished Order of Saint Michael and Saint George; Knight Grand Cross of Our Royal Victorian Order; Governor General and Commander-in-Chief of Our Dominion of Canada.

At Our Government House, in Our City of OTTAWA, this FIRST day of AUGUST, in the year of Our Lord one thousand nine hundred and eighteen, and in the ninth year of Our Reign.

By Command,

*Thomas Mulvey*

Under-Secretary of State.

### NOTES

With this issue THE PRESS commences the third year of its career—and we hope to be going strong a year from now.

It is a matter of serious import to the farmers to secure feed to winter their stock and tide them over spring's work. A good live U.F.A. would tend to consolidate the requirements and derive a solution whereby some of the northern grass could be brought in.

It is to be regretted that on the first evening of the fair the open air performance had to suffer from the effects of booze. Lomond is the logical centre for the establishment of police headquarters, and then perhaps the public would be afforded at least a measure of protection. We should think these fellows would look twice before soaking up a skinful of this squirrel

juice and making jackasses of themselves generally.

The executive of the Lomond Agricultural Society deserves a good deal of credit and respect in their efforts to build the institution into something worthy and permanent. The Lomond Fair is now an event that will be looked forward to by the public for miles around as a place where you get your money's worth.

Canada and United States are now working under a reciprocal military service agreement.

dancers. The bowery was lighted with Japanese lanterns and presented quite a festive appearance when darkness came on. The fair executive in conjunction with the base ball management must be credited with staging the two best base ball games seen around these parts this summer. The first day's game got away to a bad start when Lang gave Bassano a lead of eleven in the first innings. "Doc" Jones took the box and what looked like a lemon turned into a peach of a game. The score was tied and taken to the fifteenth innings for decision, amidst wildest scenes of hilarity when the visitors broke the spell and broke away with a single lead. Jones held Bassano for ten innings without a score.

Turrin fell out of the second day's game and left it up to manager Swain to pick up a local team worthy of facing the Vulcan invincibles. That he did so is a matter of record and Vulcan suffered her second defeat of the season 3 to 1. As an exhibition of base ball it beat anything seen around these parts this year. The score being so small the game was over in a hurry and it gave the crowd a chance to see "Dad" Frownfelter's badger, Jack Leonard's white gophers and to see Thompson catch the greasy pig. Some of the boys put on a little stampede as an extra.

## PROVISION FOR HAY

The problem of connecting up the live stock of Southern Alberta with the pasturage, water, hay, and shelter of Northern Alberta is one worthy of the best attention and effort of the department of agriculture of the province. A quick and thorough appreciation of the urgency of the need and the possibilities of relief is to be credited to the minister of agriculture, while the diligence with which his deputy and staff have applied themselves to bringing together the scattered threads of information and authority necessary to the working out of the problems, is entitled to recognition. Negotiations are still under way regarding the less immediately pressing details, but the urgent question of reduced railway rates has been worked out.

The railroads give a half rate on cattle shipped from south to north for pasturage or wintering. The line which divides south from north for purposes of this reduced railway rate from Lacombe to Kerrobert in the southern division.

## STRAYED OR STOLEN

Black mare, 7 years old, weighing about 1500 lbs., small white spot in face, wire cut on inside of left front foot, no brand, and a bay gelding, 8 years old, weighing about 1550, 3 white feet, white strip on forehead, no brand. These horses strayed or were stolen from Sec. 12-16-20 about July 28th. A liberal reward will be paid for information leading to the recovery of the above team. Leave word at Delaney & Armstrong's office, Lomond.

### Machine Opens Letters.

With the whole tendency of modern business toward centralisation, to say nothing of the enormous growth of the mail order houses, the daily mail problem is a gigantic one to the efficiency experts. A new machine has been put on the market to open letters which is said to break all previous records. It does the work by shaving off an exceedingly thin slice of the edge of each envelope, hardly thicker than the paper itself. It is impossible to cut an inclosure by this method. The chief feature of the machine is its speed. In a recent test run it opened nine thousand letters an hour for an eight-hour stretch.—Emporia Gazette.
